Shivank Singh

Full Stack Developer (React.js | Node.js | MongoDB)

✉ shivank.singh.developer@gmail.com | 📱 +91 8169050968 | 🌐 https://www.linkedin.com/in/shivank011/

Summary

Full Stack Developer with 2+ years of experience creating reliable and user-friendly web applications. Strong background in building end-to-end solutions, improving performance, and working closely with teams and clients to deliver projects successfully.

Technical Skills

➢ **Frontend :-** React.js, Redux Toolkit, RTK Query, Material UI, JavaScript (ES6+), TypeScript, HTML, CSS
➢ **Backend :-** Node.js, Express.js, REST APIs, JWT Authentication
➢ **Database :-** MongoDB (Mongoose, Aggregation Framework)
➢ **Data Visualization :-** Highcharts, Recharts
➢ **Tools :-** Git, GitHub, GitLab, Postman, Swagger, VS Code, Windsurf
➢ **Methodologies :-** Agile

Professional Experience

– *TechStalwarts | Mumbai | Full Stack Developer (Dec 2023 – Present)*

- Built and maintained scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed reusable UI components and **managed** state using React.js + Redux Toolkit to streamline development.
- Enhanced database performance using query optimization techniques and database indexing, improving application responsiveness and decreasing user-reported errors by 25%
- Collaborated with UI/UX teams and clients to define requirements and deliver multiple production-ready modules.
- Debugged and maintained large-scale applications, ensuring high uptime and smooth client delivery (including V5 Global projects).
- Integrated Windsurf AI into workflows to enhance code efficiency and reduce bugs.

Projects

1. **MagicBus** (MERN + Typescript) → **Role** : Fullstack Developer
   - *Built an analytics dashboard for performance tracking that streamlined reporting and improved data visibility.*

2. **MultiAct** (React Js | Javascript) → **Role** : React.js Developer
   - Developed a portfolio analysis platform supporting interactive data visualization and internal analytics.

3. **TOMOR** (React Js + Javascript) → **Role** : React.js Developer
   - Implemented a retail and order management system with role-based access for Admins, Store Owners, Supervisors, and Customers.

4. **Jarvis Analytics** (MERN Stack + Javascript) → **Role** : Fullstack Developer
   - Integrated secure authentication and APIs to enable reliable portfolio management and user access.

Certifications

- **React.js Developer –** Tech Paathshala, Mumbai (2023)
- **Node.js Developer –** Tech Paathshala, Mumbai (2024)

Education

Bachelor of Science (B.Sc.) in Information Technology

V.P.M R.Z Shah College, Mumbai, Maharashtra

(2022 – 2025)

Achievements

- Led a 5-member team to design & deploy a college website, increasing student engagement by 40%.
- Promoted to Lead Intern after consistently outperforming peers in project delivery.

Languages

- **English** → Professional work experience
- **Hindi** → Native / Fluent

Interests :

- Cricket, Long-distance running, Exploring new technologies
